10 EVERGREEN 10 Collections

Delivered by Parcel Post Prepaid

APRIL SHIPMENT

The bleakest home surroundings can be gradually transformed into a paradise of loveliness by simply placing a few vigorous, young evergreen plants in Nature's hand and then protecting her while she works her miracles. The cost is so small, the effort so little, and the reward so great that the wonder is why more homes do not have this year-around evergreen ornamentation. Common plants and flowers are blighted by the first frost. Shrubs and ordinary trees lose their adornment of leaves in winter. But evergreens shed their radiance and beauty and cheer throughout the year.

These trees are twice transplanted, not cheap seedlings. Average age 5 to 7 years. These are the same choice sorts usually sold only at high prices. Satisfaction guaranteed. If you are not fully satisfied, you may return the trees and money will be refunded. Delivery at proper time during April or early May. Detailed planting instructions furnished. Remember these trees are grown by America's largest Evergreen nursery (established in 1855). Take advantage of this wonderful opportunity. Order one or more collections today.
